

## TESTIMONIALS FROM PLASTIC INJECTION MOULDING INDUSTRY

1) "Trainer has good experience in injection moulding & the training module can be applied for real life case. The teaching is also not too theoretical! "

Mr. Gan Pee Chen – Assistant Manager, **VS Industry Berhad**, Johor. ( Inhouse )

---

2) "Worth the time to attend this training as it provides a good fundamental understanding to operate injection moulding process & to troubleshoot defective moulded parts."

Dr. Ong Eng Keat – R&D Manager, **B Braun Medical Industries Sdn. Bhd**, Penang. ( Inhouse )

---

3) " Easy to understand even though very technical!."

Ms. Esther Sewi Ming Huey – R&D Assistant Manager, **Swan Malaysia Sdn. Bhd.** Johor.

---

4) "Good training and very useful to apply for my daily work! "

Mr. Mohd Nizam – Production Engineer, **Hong Leong Yamaha Motor (M) S/B**, KL.

---

5) "Good course. This program enable participants to obtain more consolidate and convenient info's that related to their daily working scope. Improve and enhance products quality for plastic related parts! "

Mr. Fong Chee Huah – Materials Engineer, **Agilent Tech Microwave Products (M) S/B**, Penang.

---

6) " Presentation skill very good, make people easy understand and strong knowledge in designing part! "

Mr. Hee Chai Joon – Manager, **Southern Lion Sdn. Bhd.** Johor.

---

7) " The training has enhanced our skills, knowledge & troubleshooting problems encounter during working! "

Mr. Yeong Shi Hao – R&D Engineer, **ITL Asia Pacific Sdn. Bhd.**, Perak.

---

8) " Adequate time given to cover training materials and depth of coverage is about right! "

DR. Alex Yong Tuck Mun – Regional Technical Manager, **INVISTA ( S'pore ) Pte. Ltd.** Singapore.

---

9) " Latihan ini membuka mata saya di mana ia dapat menerangkan tentang kesan-kesan plastic material dan design terhadap plastic moulding! "

Mr. Mohd Kamal Bin Kamaruddin – Engineer, **Takahata Moulding (M) Sdn. Bhd.**, Balakong, Selangor.

---

10) " Mr. William has provided us a better & clearer understanding of mould failures & how to solve the mould problem! "

Mr. Yap Kok Wah – Tooling Manager, **Polyparts Sdn. Bhd.** Ipoh, Perak.

---

11) " I like the part on calculation of design features for rib size & the catch deflection! "

Mr. Wong Keng Tuck – Technical Training Manager, **Dyson Manufacturing Sdn. Bhd.**, Johor.

---

12) " Very good training course. The theory side gives me a lot of help to enhance my knowledge in plastic product design! "

Mr. Adzhari Zakaria – Mechanical Design Engineer, **TRW Lucas Automotive Sdn. Bhd.**, Johor.

---
